

### Electronic Bid Withdrawal

Bid withdrawal through Bid Express and AASHTOWare Project Bids has now been made available effective for the June 9, 2022 Letting. Electronic Bid withdrawal is permitted in contracts with the inclusion of the special provision titled 'Bid Withdrawal'. Bidders may continue to submit a pdf document of the bid withdrawal form

<https://www.mdt.mt.gov/publications/docs/forms/contracting/bid-withdrawal-form.pdf> via email or a hard copy as outlined in the special provision and Section 102.11-Withdrawal of Proposals. Bidders may withdraw a bid using both the electronic option and by submitting the email/hard copy form if so desired. Using both methods is not required to withdraw a bid.

Bid Express/Project Bids bid files for the June 9th letting will be available on May 13 to ensure the bid withdrawal feature is incorporated correctly into the files uploaded to Bid Express.
